

WATERPROOF YOUR KIDS

Avoid the summer rush and start in the spring!

**13180 Poway Rd.
Poway, CA 92064

Swimming is not mastered in a week or even six weeks. Learning to swim is a life long skill. Teaching children to be safe and have fun in and around water is our number one priority. At Floaties, we encourage children to appreciate the water and the benefits it offers. We encourage building self-esteem and confidence starting as early as three months old.

Our facility is open year round and is completely indoors!
