

Interested in Gardening?

Now is the time to join the New MRES Garden Club!!

Whether you're a complete novice or a Master Gardener, we need YOU to make this a fun and educational experience for our students and families!

The MRES Garden Club's first event is breaking ground on Saturday, January 30th from 9:00am – noon.

Dig in and get your hands dirty as we work to prepare the beds for spring planting! Meet us at our garden space, located in the 4S community gardens, across from the MRES parking lot.

Please email Julie Golich at Julie_golich@yahoo.com or Evi Haux at EAHaux@aol.com by Friday, January 29th if you plan on attending.

Families welcome! Don't forget your tools!

If you have a special talent or gardening skill to share, let us know that too. (For example, knowledge of growing vegetables or certain plants, composting, landscape designs, building fencing, etc.)

Other ways to help us grow:

We are in need of seed donations, garden tools and soil amendments
