

ANNOUNCING . . . ON APRIL 2nd

The 2nd Annual Monterey Ridge

Math Marathon

WHAT IS THE MATH MARATHON?

It is an educational FUNdraiser! . Students in K-5th grades will participate in a variety of math activities, from math facts to math stations, to increase math knowledge and raise funds. This is our opportunity to combine fundraising and learning together.

HOW DOES IT WORK?

Sponsors pledge a flat donation or an amount of money for problem or math station a student completes correctly. Students will have a pledge sheet and will ask family and friends (parents can ask co-workers) to make a pledge towards their goal. We hope that each student will be able to raise at least \$30 in pledges.

WHY A MATH MARATHON?

An educational fundraiser turned into a FUNdraiser encourages our students to learn, and to help raise funds for enrichment activities, instructional supplies, books and school and classroom needs. So, please support the Math Marathon and show the MRES students in your life that you support them and help us raise funds for our school!!

WILL THE STUDENTS BE RECOGNIZED FOR THEIR EFFORT?

Absolutely!! We want this to be as positive an experience as possible for all. All students will be recognized for their efforts. There will be certificates for all participating students and most importantly, we will have many stellar, super math experts roaming the halls of MRES!

WHEN WILL THE MATH MARATHON TAKE PLACE?

The Math Marathon will take place during the week of April 2, 2009. Each grade level will have an assigned day to go into the MPR and participate in the Math Marathon.

AS A PARENT WHAT IS MY RESPONSIBILITY?

Most importantly, your role is to be as supportive as possible. Please help your child practice for the Math Marathon by practicing math facts. Your support, enthusiasm, and encouragement will make all the difference in your child's ability to learn and be successful.
