

Help our City get rid of E-Waste the right way by sending it to a proper recycling process and not into the landfills!

- Electronic discard is one of the fastest growing segments of this nation's waste stream
- 56% of American households have functional e-products that they no longer use
- E-Waste comprises 70% of overall toxic waste in America's landfills. 70% of heavy metals, 40% of lead and mercury contents found in today's landfills come from E-Waste
- Other hazardous materials used in computers and other electronic devices include cadmium, mercury, hexavalent chromium, and PVC plastic

Proceeds will support the King Family- Chelsea's Light Foundation

E-Waste Collection Event Date & Time:

Saturday & Sunday, February 25 & 26, 2012
From 9:00 am to 4:00 pm

Boys & Girls Club of Poway (Parking Lot)

What is "E-waste"?

E-Waste is any consumer electronic equipment that has reached its 'end-of-life' or 'end-of-usage,' whether in full or non-working condition. It includes most electronics or electric appliances with a cord or circuit board such as:

Computer Monitors, Television sets, PC Systems, Printers, Laptops, Copiers, Scanners, Fax Machines, Toner Cartridges, UPS & PDAs, Power Supplies, Main Frame Units, Networking Equipment, Mother Board Systems, VCR/VCD/DVD Players, Home Entertainment Systems, Landline and Cellular Phones, & Small Portable Devices. We also accept car and forklift batteries. There is a \$5.00 service fee for Microwave Ovens. **We do not accept:** Refrigerators, Washer and Dryers, Fluorescent Light Bulbs, and Household Batteries.
